Caltrans to Repave Tiburon Boulevard Segment

Tiburon - Due to inclement weather, a repaving project along Tiburon Boulevard, between Mar West and Main Street, is now scheduled to begin on October 10.

In order to keep traffic delays to a minimum, the repaving will be done at night between the hours of 7:00 pm and 6:00 am. The noisier tasks will finish before eleven p.m. The repaving will also require lane closures, which may lead to traffic delays,

In addition to the repaving, Caltrans is also upgrading the traffic signals at the Beach Road intersection. Work on these tasks will be done during the hours of 7:00 am and 3:30 pm. No lane closures are planned for this operation.

The project is expected to last until mid to late October.
